

GREEN CLEAN

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION: Heavy Duty Cleaner/Degreaser

Green-Clean is an industrial strength cleaner and degreaser, with the main actives being 100% bio-based. Combining an industry-leading silica ratio, multi-silicate and a unique citrus blend, it removes tar, asphaltenes, lubricants, greases and heavy oils. It can also be used as a parts washer solvent and an equipment degreaser. The product has been used by oil & gas companies, road crews, industrial machine shops, flooring companies and Automotive & Manufacturing shops.

APPLICATION

GREEN-CLEAN can be applied by mop, pump-up sprayer, or through an auto-scrubber. It is also particularly effective in spray washers. Pre-treatment of severely soiled areas is always advised. Double-scrubbing of severely soiled areas is an additional technique to improve the appearance of the surface to be cleaned. It can be applied neat or diluted up to 10:1 depending on the severity of the problem.

TYPICAL PHYSICAL PROPERTIES

- Appearance Liquid
- Color Light Yellow to Colorless in Color
- Odor Citrus
- Solubility..... 100%
- pH Neat 11.5-12.5
- Specified Gravity 1.00 – 1.04
- Boiling Point 212°F

STORAGE AND HANDLING

Ingredients not precisely identified are non-hazardous.

PACKAGING

GREEN-CLEAN is shipped from the manufacturing facility and regional distribution centers in 5 gallon, 55 gallon and 275 gallon containers. Bulk quantities are available upon request.
